Protecting your ADBLUE® from temperature damage.
Preventing contamination in handling and storage.
Simplifying dispensing operation.
1500 - 10,000 Litre Models

TRANSPORT Solutions

Our new generation tank range is a premium fuel storage solution designed for installation in a variety of applications with minimum site preparation.

Constructed to AS1940, AS1692 and AS1657, the unique design enables visual inspection underneath tank, for servicing requirements whilst increasing tank safe-fill capacities.

Sloping tank floor for easy collection of contaminants or condensation build-up. Multiple pump suction ports for submersible turbine pump applications, adaptable side ladder service entry, superior reinforced construction, are just some of the features of our new outstanding ET range tanks.

Sizes available: 30,000, 67,000, 72,500, 82,000 and 88,000 Litres safe fill. These tanks will meet and exceed all your storage requirements for remote retail use, additional storage or tank farms.

Container Range

CODE	DESCRIPTION	DIMENSION
ET12	12,000 Ltr ET range container tank	2991L X 2438W X 2896H mm
ET31	31,000 Ltr ET range container tank	6058L X 2438W X 2896H mm
ET69	69,000 Ltr ET range container tank	12192L X 2438W X 2896H mm
ET75	75,000 Ltr ET range container tank	12192L X 2438W X 2896H mm
ET85	85,000 Ltr ET range container tank	14630L X 2438W X 2896H mm
ET90	90,000 Ltr ET range container tank	14630L X 2438W X 2896H mm
