

240 VOLT DIESEL TRANSFER PUMPS

These high performance rotary pumps are extremely compact in size with high flow rates and pressure for reliable day-in day-out service. These pumps are the hidden success in our mini bowser systems and are also available as stand alone units for custom applications. Self priming design with inbuilt pressure relief valve, and flow rates up to 100 LPM, the Equipco range is a proven performer.

P72

Rotary vane diesel transfer pump with inbuilt strainer. 1" BSPF ports. 240 volt, self priming with inbuilt bypass valve. 450 watt. 2800 RPM. Continuous use. 72 LPM max flow. Made in Europe.

PRA90

Rotary vane pump for diesel transfer. Self priming with internal bypass valve. 1 1/4" Suction and 1" Delivery ports. 85-90 LPM max flow. 240 volt. Made in Europe.

E120

Rotary vane diesel transfer pump. 1" BSPF ports. 240 volt, self priming with inbuilt bypass valve. 750 watt. 1400 RPM. Continuous use. 100 LPM max flow. Made in Europe.

PA120

High volume rotary vane pump for diesel transfer. Self priming with internal by-pass valve. 100 LPM max flow. 1" BSP inlet/outlet. 240 volt. 750 watt TEFC IP55. 1400 RPM. Made in Europe.

BP503

240 volt rotary vane drum mount diesel transfer pump with bypass valve. Self priming. 350 watt. 2800 RPM. 48 LPM flow at free discharge. 1" BSP ports. Made in Europe.

BP503SK

240 volt drum mount rotary vane diesel transfer pump with bypass valve. Self priming. 350 watt. 2800 RPM. 1" BSP ports. 45 LPM flow rate at nozzle. Supplied with 4mt hose, manual nozzle, holster for nozzle and suction pipe and drum adapter. Made in Europe.

BP503SKA

Same as BP503SK but with auto nozzle. Made in Europe.

ORDERING INFORMATION

P72	240 volt 70 LPM rotary vane pump.
PRA90	240 volt 85-90 LPM rotary vane pump.
E120	240 volt 100 LPM rotary vane pump.
PA120	240 volt 100 LPM rotary vane pump.
BP503	240 volt rotary vane pump.
BP503SK	240 volt 45 LPM drum mount pump with suction pipe, hose and manual nozzle.
BP503SKA	240 volt drum mount pump with suction pipe, hose and auto nozzle.
RV100	240 volt high quality rotary vane pump. 100 LPM.

RV100

High quality rotary vane pump for diesel transfer. Self priming with internal by-pass valve. 100 LPM max flow. 1" Inlet/Outlet. 50 HZ. 240 volt. 1400 RPM. IP54. Continuous operation. 2.5 bar max pressure. Made in Europe.
