The EFHD-150 series of filters assemblies are our largest range of filters available, with filtration ratings for a wide variety of applications. Built to handle flows of up to 150LPM and with 25mm and 40mm head options, the extensive EFHD-150 range will have an option to suit your application.

| Assembly | Replacement Element | Thread | Filtration Rating | Max Pressure | Usage |
|-----------------|---------------------|--------------------|---------------------------|--------------|--|
| EFHD-15010-25 | EFHD-15010 | 25mm | 10 Micron | 50 PSI | Petrol/Diesel |
| EFHD-15010-40 | EFHD-15010 | 40mm | 10 Micron | 50 PSI | Petrol/Diesel |
| EFHD-15010W-25 | EFHD-15010W | 25mm | 10 Micron Water Absorbing | 50PSI | Petrol/Diesel |
| EFHD-15010W-40 | EFHD-15010W | 40mm | 10 Micron Water Absorbing | 50PSI | Petrol/Diesel |
| EFHD-1502W-25 | EFHD-1502W | 25mm | 2 Micron Water Absorbing | 50PSI | Petrol/Diesel |
| EFHD-1502W-40 | EFHD-1502W | 40mm | 2 Micron Water Absorbing | 50PSI | Petrol/Diesel |
| EFHD-150144M-40 | EFHD-150144M | 40mm | 144 Micron Mesh | 50PSI | Petrol/Diesel |
| EFHD-1501B-40N | EFHD-1501B | 40mm Nickel plated | 1 Micron Specialised Fuel | 50PSI | Petrol/Diesel/E85/Biodiesel (up to B100), ULSD and Methanol (M100) |
