12 VOLT
SUBMERSIBLE
TRANSFER PUMP KIT

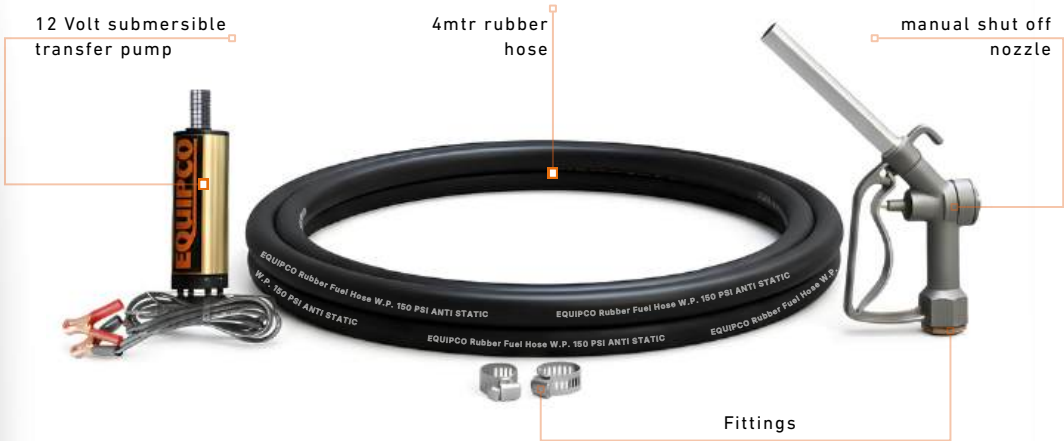

FOR DIESEL OR FRESH WATER

12 Volt submersible transfer pump kit with rubber hose, manual shut-off nozzle and fittings

Equipco's 12 Volt submersible transfer pump kit features a precision Swiss-made motor for reliable, long-lasting performance. Complete with a four-metre rubber hose, manual shut-off nozzle, and all necessary fittings, this ready-to-use kit efficiently transfers diesel or fresh water at up to 30 litres per minute. Built for durability and ease of use, it's an ideal solution for agricultural, marine, and limited-use applications.
