

HIGH FLOW FUEL FILTERS

1" BSP COMPLETE
FILTER ASSEMBLY
WITH 10 MICRON ELEMENT

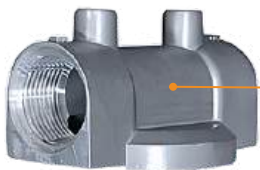

FOR PETROL & ETHANOL (25%), METHANOL (15%) DIESEL, ULSD,

94 LPM 10 MICRON FILTER ASSEMBLY CELLULOSE MEDIA TO REMOVE PARTICULATE LIKE RUST, DIRT, AND OTHER SEDIMENT

1" BSP complete filter assembly with 10 micron element. 94 LPM. Removes particulate like rust, dirt and other sediment.

ITEM CODE	DESCRIPTION	MAX FLOW	WORKING PRESSURE	THREAD	ADAPTOR
200S-9410-25	1" BSP complete filter assembly with 10 micron element. 94 LPM. Removes particulate like rust, dirt and other sediment	94 LPM	50 PSI	1"-12	P200S-1

DIMENSIONS

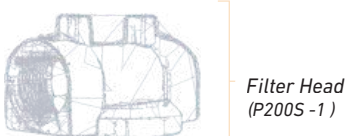

100x75x70MM

INLET & OUTLET

BSPF 1"

MADE OF ALUMINIUM

Filter Head (P200S-1)

181.10 mm

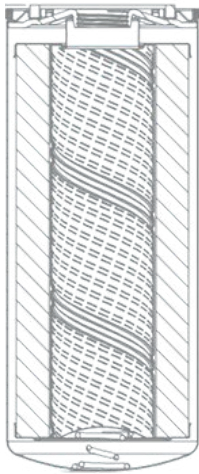

95.25 mm

COMPATIBILITY	Petrol & ethanol (25%), methanol (15%) diesel, ULSD
DETECTION	Removes particulate like rust, dirt and other sediment

CELLULOSE MEDIA

Resin bound plant-base fiber material

Element

NO DRAIN TAP

AVAILABLE REPLACEMENT OPTION:

200S-9410	Replacement 10 micron element. 94 LPM max flow. 50 PSI Max working pressure. For diesel, ULSD, petrol, ethanol blends up to 25% and methanol blends up to 15%. No drain tap.
