

BLUWASH PROFESSIONAL PRESSURE WASHER – 4200 PSI

The Bluwash Professional pressure washer, delivering 4200 PSI and 15 litres per minute (LPM), is a premium-grade machine designed for heavy-duty commercial and industrial cleaning tasks. It is powered by the trusted HONDA® GX390 13 HP petrol engine, known for its durability, fuel efficiency, and consistent performance in demanding environments. At its core lies a CAT triplex plunger pump, engineered for high-pressure output and long service life, ensuring reliable operation over extended periods.

The unit features a sturdy yet lightweight aluminium frame, offering excellent strength-to-weight ratio, corrosion resistance, and ease of transport—ideal for use in tough Australian conditions. Built to exacting standards in the USA, this pressure washer combines advanced engineering with rugged construction, making it a top choice for professionals who require powerful, dependable, and low-maintenance equipment. With its impressive flow rate and pressure, the Bluwash Professional Series delivers efficient, thorough cleaning, minimising downtime and maximising productivity across a wide range of applications.

YEARS

WARRANTY
ENGINE

UNIT INCLUDES

- Hose
- Lance
- Trigger gun
- Nozzles: 15°, 25°, 40°, and soap
- Engine oil 10W-30
- Low-pressure soap injector

PUMP

CAT PUMPS® Triplex

- equipped with an integrated unloader and thermal relief valve

ENGINE

HONDA® GX200

- equipped with a low oil shutdown feature

FRAME

Aluminum frame

- crafted from high-grade aircraft aluminum, making it lightweight, durable, and corrosion-resistant

HOSE

Monster, 50 ft. dual braided high-pressure hose

- kink and abrasion-resistant with a non-marring polyurethane outer jacket with QC fittings

TIRES

13 in. Premium Pneumatic Tires

- for ease of maneuverability across various terrains

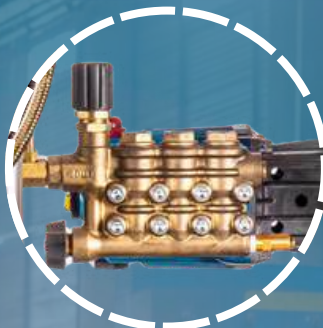

NOZZLES

5 Quick-connect Nozzle Tips

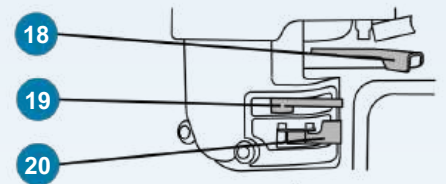

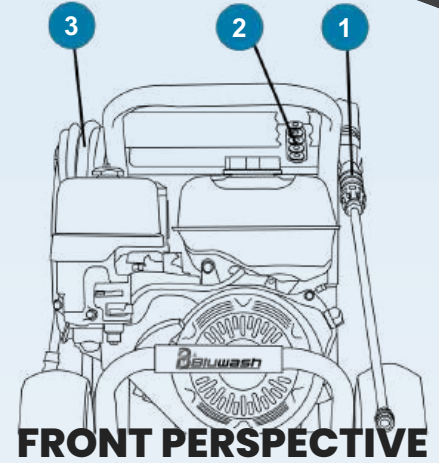

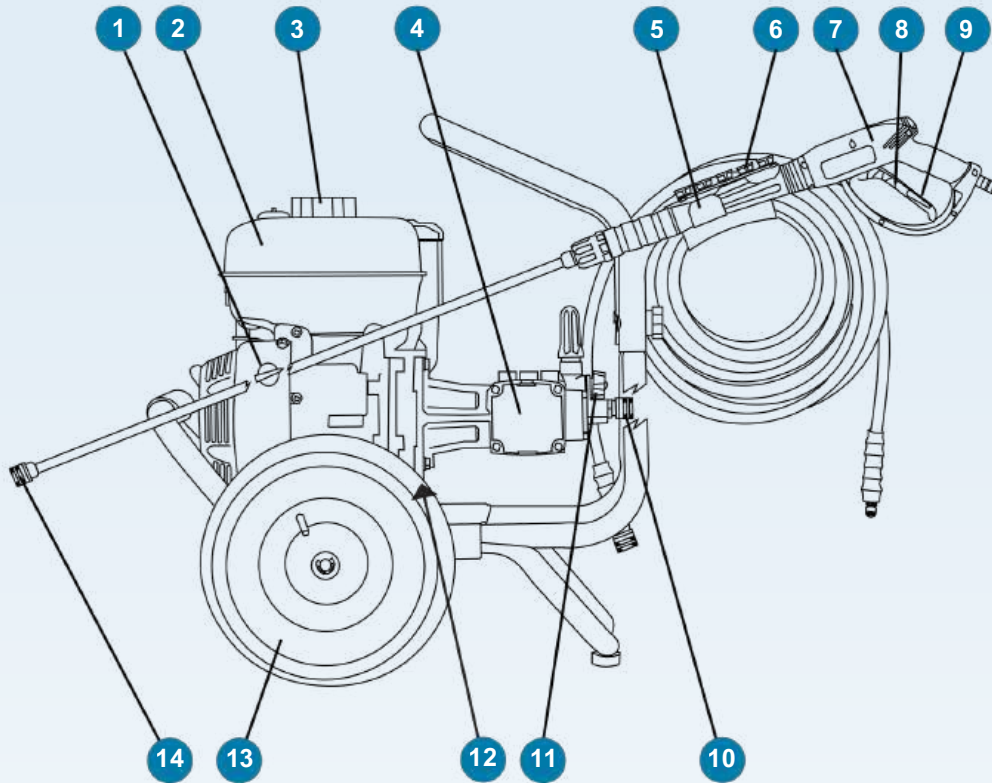

- 0°, 15°, 25°, 40°, and soap nozzle for use on a variety of cleaning applications
