

A-FRAME HAND REWIND HOSE REEL

ENGINEERED TO **ENDURE** BUILT TO **PERFORM**

Introducing the Oilfield A-Frame Manual Rewind Hose Reel, a robust solution for your daily demanding refueling tasks.

This reel features a direct hand-crank rewind with a locking mechanism for simple hose management, as well as a friction brake for precise control. Long-lasting performance is ensured by its sturdy powder-coated finish and strong steel construction.

- DURABLE POWDER-COATED FINISH
- DIRECT HAND-CRANK WITH LOCKING PIN
- SOLID STEEL CONSTRUCTION
