

1" HONDA GX25 SELF PRIMING PUMP

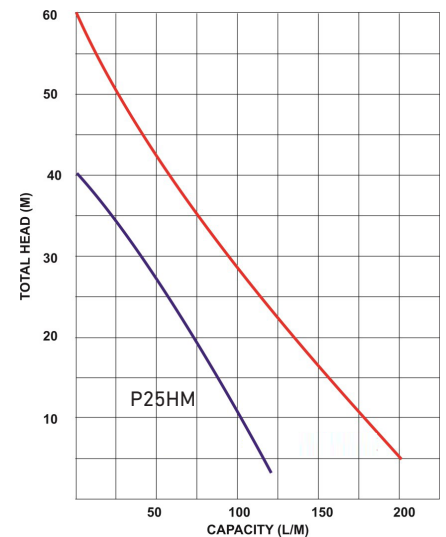

Code	Width (mm)	Height (mm)	Length (mm)	Weight (kg)
P25HM	212	290	316	5.3

Petrol powered 4 stroke engine

35 MTR HEAD MAX - 100 LPM MAX

1" pumps are designed to be portable and effective. They offer flows to 210 litres per minute and maximum heads of up to 60 metres. They use lightweight, high speed, top quality engines to provide exceptional efficiency right through the performance range. Only genuine Honda engines are used (backed by a 3 year Honda GX engine warranty).

Benefits

- Great quality ... use with confidence
- Units weigh from as little as 5.3 kgs
- Ready to pump in minimum amount of time
- Easily replaced if thread damaged, easy to service check valve without dismantling pump
- Tried and proven with established service networks throughout the world
- Feet absorb vibration - stable in operation
- Can be used to transfer water or for mop up fire fighting duties
- Passes small solids in suspension
- Convenience ... cost saving
- Makes pump adaptable

Features

- Five year pump warranty
- Lightweight, portable
- Fast self priming from 8 metres
- Honda GX petrol engines
- Skids with rubber feet and carry handle
- High Head on both models
- Robust impeller
- Free strainer and coupling kit

Construction:

Front case	Marine grade aluminium
Volute	Marine grade aluminium
Back plate	Marine grade aluminium
Mechanical seal	Carbon/ceramic
Outlet	Marine grade aluminium
Casing bolts	Zinc plated steel
Check valve	Nitrile rubber
Priming & drain plugs	Polycarbonate
Casing, priming & drain plug o-rings	Nitrile rubber
Finish	Brushed aluminium
Impeller	Marine grade aluminium, closed type
