

HOSES

FUELINE™ 3/4" FUEL PUMP HOSE

FOR UNLEADED PETROL, DIESEL, ETHANOL BLENDS UP TO E85, AND BIODIESEL UP TO B30 (BIO TYPE UP TO B100)

SUPPLIED IN 20 MTR AND 60 MTR COILS, OR CUT LENGTHS

EN1360 approved hose designed for dispensing diesel and petrol across service stations and commercial refuelling sites

This 19mm Fueline Petrol Pump Hose is suitable for a wide range of fuels, including unleaded petrol, diesel, ethanol blends up to E85, and biodiesel up to B30 (BIO Type up to B100) with working pressure of 232 PSI. This hose complies with Weights and Measures regulations and offers excellent cold flexibility down to -30°C, making it ideal for Australian conditions. Available in 20 Mtr and 60 Mtr rolls and with optional reusable fittings fitted.
