

# FUELINE™ REELING HOSE

FOR DIESEL, PETROL AND OIL

## HIGH GRADE RUBBER DISPENSING HOSE FOR MANY PETROLEUM PRODUCTS

Designed for use on reels, Equipco's FUELINE™ REELING HOSE meets AS2683-2000 to give you peace of mind in your important refuelling jobs. Available in 1", 1-1/4" and 1-1/2", this high grade rubber hose is well suited for heavy duty truck reel installs. With a conductive inner and outer tube as well as an anti-static wire running through the hose, it's suited for both petrol and diesel transfer. This hose is available in full coils of 30mt or custom cut lengths.

### Details on AS2683-2000

Specifies requirements for hose and hose assemblies for conveying petroleum and petroleum products, except for liquefied petroleum gas, at product temperatures up to 65C in ambient temperatures ranging from -20C to 55C. Intended for hose applications involving road and rail tankers, metered pumps, farm tanks, reeling, aviation and general plant operations.
