3000-LITRE
SELF-BUNDED
DIESEL CUBE
TANK

FOR PRACTICAL STORAGE
SOLUTIONS

Self-bunded diesel tank with dual-layer 4mm and 5mm steel plate, fill hatch, forklift lift points, and basic hooks

Engineered for dependable industrial application, this 3000-litre self-bunded diesel tank delivers practical, cost-effective performance for everyday site operations. Fabricated from heavy-duty 4mm and 5mm dual-layer plate steel, the unit features a secure fill hatch and specifically excludes an internal pump bay to optimise overall storage capacity. Fitted with dedicated forklift pockets and lifting lugs for straightforward empty relocation, this compliant fuel storage system provides robust structural integrity and reliable, long-term operational value.

ITEM CODE	DESCRIPTION	CAPACITY	TYPE	COMPATIBILITY
TC3000C	3000 Litre self bunded diesel tank with fill hatch. No internal pump bay. Forklift lift points. Basic - lift when empty hooks only. Constructed from dual layer 4mm and 5mm plate steel.	3000 Litres SFL	Self-bunded	Diesel

FEATURES & ADVANTAGES

UNCOMPROMISING STRUCTURAL INTEGRITY

Constructed from robust dual-layer 4 mm and 5 mm plate steel, this tank delivers exceptional strength and long-term reliability, engineered to withstand the demands of Australian industrial environments.

EFFORTLESS SITE MOBILITY

Equipped with dedicated forklift lift points and basic hooks, the unit is specifically designed for straightforward and safe relocation across your site when empty.

PRACTICAL OPERATIONAL VALUE

Featuring a secure fill hatch and a highly functional layout, this cost-effective range offers outstanding everyday value without compromising on structural quality or environmental compliance.

The streamlined, self-bunded design intentionally omits an internal pump bay to maximise usable volume, providing a highly practical and efficient 3000-litre storage solution.

TANKS

"BUILT FOR THE TASK"

Equipco's TC Tank range has been developed for operators seeking a practical, compliant and cost-effective fuel storage solution. Designed as our entry-level self-bunded tank offering, TC Tanks provide dependable fuel containment with streamlined features, making them ideal for applications where functionality and value are paramount..

A cost-effective self-bunded tank range built for operators who need dependable storage and nothing less.

SPECIFICATIONS

ADD-ONS AND OPTIONS
