

CUBE TANKS

3000-LITRE
SELF-BUNDED
PETROL CUBE
TANK

STATIONARY USE ONLY

FOR PRACTICAL
STORAGE SOLUTIONS

With dual-layer 4mm and 5mm steel plate, fill hatch, forklift lift points, basic hooks, emergency vent, and Hazchem signage

Engineered for secure and practical stationary storage, this 3000-litre self-bunded petrol tank delivers exceptional value for Australian sites. Constructed from robust dual-layer 4mm and 5mm plate steel, it incorporates critical safety enhancements, including an emergency vent and compliant Hazchem signage. The streamlined design omits an internal pump bay to maximise capacity and features a secure fill hatch. While integrated forklift points and basic hooks facilitate initial placement when empty, the unit is designed strictly for stationary operation, providing a highly cost-effective, structurally resilient, and fully compliant fuel storage solution.

ITEM CODE	DESCRIPTION	CAPACITY	TYPE	COMPATIBILITY
TC3000F	3000 Litre self-bunded petrol tank with fill hatch. No internal pump bay. Forklift lift points. Basic - lift when empty hooks only. Constructed from dual-layer 4mm and 5mm plate steel with emergency vent and Hazchem signage	3000 Litres SFL	Self-bunded	Petrol

FEATURES & ADVANTAGES

EXCEPTIONAL STRUCTURAL DURABILITY

Constructed from heavy-duty dual-layer 4 mm and 5 mm plate steel, this tank provides outstanding structural integrity and resilience, ensuring reliable performance and a prolonged service life in demanding Australian environments.

MAXIMISED STORAGE CAPACITY

By intentionally omitting an internal pump bay, the streamlined design optimises the internal footprint to provide a highly practical 5000-litre volume with a secure fill hatch, ensuring exceptional everyday operational value.

EFFORTLESS INITIAL PLACEMENT

Equipped with reinforced forklift lift points and basic handling hooks, the tank allows for straightforward positioning on-site. Engineered specifically for secure, stationary use, it offers a highly cost-effective and stable fuel management solution.

Designed with strict regulatory compliance in mind, the unit incorporates a dedicated emergency vent and prominent Hazchem signage, delivering secure, self-bunded containment and peace of mind for petrol storage.

TANKS

"BUILT FOR THE TASK"

Equipco's TC Tank range has been developed for operators seeking a practical, compliant and cost-effective fuel storage solution. Designed as our entry-level self-bunded tank offering, TC Tanks provide dependable fuel containment with streamlined features, making them ideal for applications where functionality and value are paramount..

A cost-effective self-bunded tank range built for operators who need dependable storage and nothing less.

SPECIFICATIONS

ADD-ONS AND OPTIONS

CONSTRUCTION & MATERIALS	Steel
COMPLIANCE & CERTIFICATIONS	AS1692 and AS1940
SAFETY FEATURES	Bund capacity, overfill protection, venting, earthing provisions, and emergency access.
INTEGRATIONS	Compatible filtration and water separation systems, port configurations.
INSTALLATION & SITE REQUIREMENTS	Foundation specs, access clearances, delivery dimensions, lift points, and remote site logistics.
OPTIONAL ACCESSORIES & ADD-ONS	Pumps, level gauges, telemetry/monitoring, lockable dispensing cabinets, custom colours.
DIMENSIONS (MM)	2290 x 1600 x 1270
WEIGHT	1300 kg

AVAILABLE FOR WASTE OIL AND DIESEL OPTIONS
