FOR PRACTICAL STORAGE SOLUTIONS

Self-bunded diesel tank with dual-layer 4mm and 5mm steel plate, fill hatch, forklift lift points, and basic hooks

Delivering exceptional value and everyday practicality, this 5000-litre self-bunded diesel tank is engineered for reliable industrial use. Constructed from robust dual-layer 4mm and 5mm plate steel, its streamlined design features a secure fill hatch and omits an internal pump bay to maximise capacity. Equipped with dedicated forklift points and basic hooks for straightforward handling when empty, this range provides a highly cost-effective, sturdy, and compliant fuel storage solution without compromising on structural integrity.

ITEM CODE	DESCRIPTION	CAPACITY	TYPE	COMPATIBILITY
TC5000C	5000 Litre self bunded diesel tank with fill hatch. No internal pump bay. Forklift lift points. Basic - lift when empty hooks only. Constructed from dual layer 4mm and 5mm plate steel.	5000 Litres SFL	Self-bunded	Diesel

FEATURES & ADVANTAGES

UNCOMPROMISING STRUCTURAL INTEGRITY

Constructed from robust dual-layer 4 mm and 5 mm plate steel, this tank delivers exceptional strength and long-term reliability, engineered to withstand the demands of Australian industrial environments.

EFFORTLESS SITE MOBILITY

Equipped with dedicated forklift lift points and basic hooks, the unit is specifically designed for straightforward and safe relocation across your site when empty.

PRACTICAL OPERATIONAL VALUE

Featuring a secure fill hatch and a highly functional layout, this cost-effective range offers outstanding everyday value without compromising on structural quality or environmental compliance.

The streamlined, self-bunded design intentionally omits an internal pump bay to maximise usable volume, providing a highly practical and efficient 5000-litre storage solution.

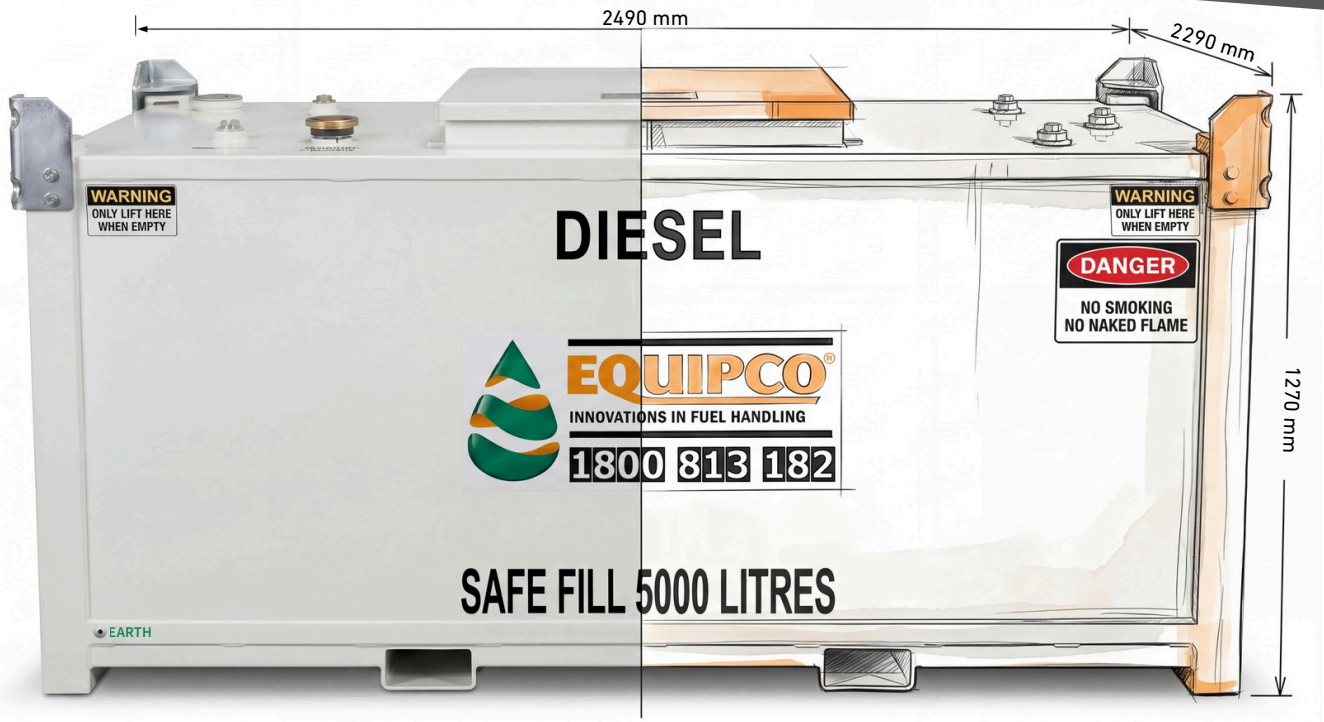

TC TANKS

"BUILT FOR THE TASK"

Equipco's TC Tank range has been developed for operators seeking a practical, compliant and cost-effective fuel storage solution. Designed as our entry-level self-bunded tank offering, TC Tanks provide dependable fuel containment with streamlined features, making them ideal for applications where functionality and value are paramount..

A cost-effective self-bunded tank range built for operators who need dependable storage and nothing less.

SPECIFICATIONS

CONSTRUCTION & MATERIALS	Steel
COMPLIANCE & CERTIFICATIONS	AS1692 and AS1940
SAFETY FEATURES	Bund capacity, overfill protection, venting, earthing provisions, and emergency access.
INTEGRATIONS	Compatible filtration and water separation systems, port configurations.
INSTALLATION & SITE REQUIREMENTS	Foundation specs, access clearances, delivery dimensions, lift points, and remote site logistics.
OPTIONAL ACCESSORIES & ADD-ONS	Pumps, level gauges, telemetry/monitoring, lockable dispensing cabinets, custom colours.
DIMENSIONS (MM)	2490 x 2290 x 1270
WEIGHT	1720 kg

ADD-ONS AND OPTIONS

AVAILABLE FOR WASTE OIL AND PETROL OPTIONS
